

Address: 85 Sycamore Street, Bolsover, S44 4PQ

Dear Digital Inclusion Officer,

I am writing to suggest that our community implement free Wi-Fi zones in public areas. In today's digital age, reliable internet access is crucial for education, business, and communication. Establishing free Wi-Fi hotspots in local parks, libraries, and community centres would greatly benefit residents, especially those with limited connectivity at home.

I kindly request that the Bolsover District Council consider a pilot programme to test the feasibility of this initiative. Such a project would help bridge the digital divide and enhance community connectivity.

Thank you for your attention to this proposal. I look forward to your positive response.

Yours sincerely,

A Tech-Enthusiast Resident
