

Address: 150 Willow Avenue, Bolsover, S44 8PQ

Dear Environmental Coordinator,

I am writing to propose the launch of a comprehensive recycling campaign in our community. With mounting environmental challenges, a focused initiative to promote recycling can make a significant impact in reducing waste and conserving resources.

I kindly request that the Bolsover District Council consider initiating a pilot recycling programme that includes public education, enhanced recycling facilities, and community collection events.

Your support in this effort is crucial to creating a more sustainable environment. I look forward to your positive response.

Yours faithfully,

An Environmentally Conscious Resident
