Dear Community Development Officer,

I am writing to propose the establishment of a community garden that would provide residents with a dedicated space to cultivate fruits, vegetables, and flowers. This project would not only enhance our local environment but also serve as a focal point for community interaction and educational workshops on sustainable living.

I kindly request that the Bolsover District Council consider allocating land for a pilot community garden project.

I look forward to your positive response and the opportunity to collaborate on this initiative.

Yours sincerely,

A Passionate Local Resident
