Dear Digital Inclusion Officer,

I am writing to suggest that our community establish free Wi-Fi zones in public spaces to ensure that all residents have access to essential digital resources. In an increasingly connected world, bridging the digital divide is more important than ever.

I respectfully request that the Bolsover District Council initiate a pilot programme to install free Wi-Fi in key areas such as parks, libraries, and community centres.

Thank you for considering this proposal. I look forward to your reply.

Yours faithfully,

A Concerned Citizen
