

Address: 215 Cedar Crescent, Bolsover, S44 3PQ

Dear Infrastructure Planning Department,

I am writing to propose the installation of additional electric vehicle charging stations throughout our community. As electric vehicles become more prevalent, it is imperative to have a robust charging infrastructure to support sustainable transport.

I respectfully request that the Bolsover District Council conduct a feasibility study to determine the most suitable locations and develop a comprehensive implementation plan.

Your prompt action on this matter would be highly appreciated.

Yours sincerely,

A Concerned Citizen
