

Address: 21 Park Avenue, Bolsover, S44 2EF

Dear Local Authority,

I am writing to report an ongoing issue with excessive noise pollution in our area. Persistent disturbances from nearby commercial premises and occasional construction activities have resulted in a significant decline in the comfort and quietude of our neighbourhood.

I respectfully urge the Bolsover District Council to enforce noise abatement measures and review operating hours for noisy businesses. Implementing such measures would help restore a peaceful environment for local residents.

I trust that you will address this problem with the seriousness it warrants and look forward to your response.

Yours faithfully,

A Local Resident
