Dear Community Development Officer,

I am writing to express my support for a community garden project in our neighbourhood. A communal garden would provide residents with the opportunity to cultivate fresh produce, learn about sustainable practices, and engage in social activities that strengthen community bonds.

I kindly request that the Bolsover District Council consider allocating land for a pilot community garden project. Such an initiative would not only enhance local aesthetics but also promote healthier lifestyles.

Thank you for your consideration. I look forward to your favourable response.

Yours faithfully,

A Passionate Local Resident
