Dear Municipal Services,

I am writing to bring to your attention the recurrent flooding on Cedar Road following heavy rains. Water accumulation has become a common occurrence, leading to property damage and disruption for local residents.

I urge the Bolsover District Council to assess the drainage system along Cedar Road and implement modern flood prevention measures. A timely and efficient upgrade would protect homes and ensure safer conditions during adverse weather.

Thank you for considering this matter. I look forward to your prompt response outlining the proposed improvements.

Yours faithfully,

A Concerned Homeowner
