Dear Community Development Officer,

I am writing to propose a community garden project that would offer residents a dedicated space to grow produce, learn about sustainable gardening, and foster community spirit. Such an initiative can also serve as a venue for educational workshops on organic farming and environmental stewardship.

I respectfully request that the Bolsover District Council allocate a suitable plot of land for a pilot community garden project. I am confident that this project will enhance the local environment and promote healthier lifestyles.

Thank you for your consideration. I look forward to a favourable response.

Yours faithfully,

A Passionate Local Resident
